

## March Birthdays

Kaleeah S. - March 25

Prisha S. - March - 26

Matthew H. - March 29

On your child's birthday you may bring treats for the classroom. **Due to health code, treats must be store bought and in the original container.** We enjoy celebrating each child's birthday and would love for you to send pictures of your child on their birthday. Please include a photo from their birth and one for each birthday they have had. Please coordinate birthday celebrations with your child's teacher.

## Funny Hat Day

The children may wear a funny hat to school on Monday, March 17<sup>th</sup>. We will also have a special snack that day but otherwise it will be a 'normal' school day.

## Classroom News

We will continue learning about the seven continents of the world and the various aspects of different cultures including customs, how they dress, what they eat and where they live and what kinds of plants & animals live in the various climates. Miss Julie's class has been studying the rainforest and spent last month making a poster or a diorama of the rainforest. The children have also been working hard making maps of the world and the various continents – they have been bringing those home as they finish. We will finish our study of the continents by Spring Break and when we return, we will begin our animal classification unit and study life on a farm.
